

AGM 2020

Nomination of Mark Eastment as Trustee of the Society

Mark is Editorial Director at Yale University Press, London for Art and Architecture, which includes overall management of the Pevsner revisions and distribution and production of the Survey of London series.

His main interests are decorative and mid-century British art. He has a good understanding of the current publishing scene, which should help the Society's forward publishing programme, maintaining its continued academic excellence while perhaps trying to improve its overall profitability.

He also carries out work for Ashmolean Publishing Group, Bodleian Publishing Group, Paul Mellon Publishing Group and Decorative Arts Society.

Trustees have approved this Nomination.
